

SBLA ENVIRONMENTAL POLICY STATEMENT

The Sewerage Board of Limassol - Amathus, recognizing that its activities have an impact on the environment, is committed to taking the necessary measures to protect the environment, including those against pollution, to acknowledging this impact and the related threats and opportunities and to taking every possible action in order to constantly improve its environmental performance. In this context, it implements an Environmental Management System in accordance with the EN ISO 14001:2015 standard.

Specifically, the Organisation is committed to the following:

- Recognition of and total compliance with the Environmental Legislation that governs the operations of the Organisation.
- Total compliance with all the Environmental Standards that it is required to maintain.
- Recognition and evaluation of the environmental aspects of its activities and the related threats and opportunities.
- Recognition of the impact arising from these environmental aspects and taking all necessary measures to reduce it.
- Monitoring and measuring significant environmental impacts.
- Constantly improving its environmental performance.
- Setting out aims and targets for better environmental parameters.
- Implementing a mechanism for the monitoring, review and re-setting of Aims and Targets.
- Developing a mechanism for the training of staff in the implementation of the Environmental Management System and developing their awareness of environmental management issues.
- Having capable and experienced personnel to carry out all work that is crucial to the environment.
- Making available the necessary funds and ensuring their sustainable use for the implementation of the Environmental Management System and the achievement of the Environmental Aims and Targets.
- Implementing and constantly improving the Environmental Management System.
- Providing customers with the necessary information so that they support the efforts to improve the Organisation's environmental operating parameters.
- Communicating the policy to everyone working within or for the Organisation and to the general public.

The Sewerage Board of Limassol - Amathus considers protection of the Environment to be non-negotiable and is committed to implementing every possible measure to ensure it.
